International Seminar on Computational Intelligence ISCI'2022

23 -25 August 2022, Tijuana BC, México

We want to express our gratitude to: **Prof. Dr. Radu-Emil Precup**

For delivering the Plenary Talk entitled: **Evolving Takagi-Sugeno-Kang Fuzzy Models and Applications**

During the technical program of the International Seminar on Computational Intelligence “ISCI 2022”, which was organized by the IEEE Computational Intelligence Society-Mexico Chapter and Division of Graduate Studies and Research –Computer Science Programs of the Tijuana Institute of Technology, on August 23-25, 2022. The Plenary Talk was very important for the technical program of this international event.

Prof. Dr. Patricia Melin

General Chair of the ISCI 2022

Dean of Graduate Studies in Computer Sciences

Division of Graduate Studies and Research – Tijuana Institute of Technology
