Dear Mr. Radac,

CTA-2015-0636.R1

'Data-driven control based on SPSA with adaptive weighted gradient estimation'

Many thanks for the review you have provided on this work for IET Control Theory and Applications.

I understand that like all active researchers, you have very many demands to prioritise. Hence I very much appreciate your willingness to give up some of your time to provide your opinion.

It is very valuable to us in ensuring the highest standards for the papers we choose to publish.

The final editorial decision based on the comments of yourself and other reviewers will appear in your Manuscript Central Reviewer Centre once all reviews have been received and a determination has been made.

Yours sincerely,

Prof. James Lam
IET Control Theory and Applications
